

# WNM210P

40" x 30" x 24" (H x W x D)

30" wide open burner gas range in white with battery start ignition; made in the USA

**Highlights:**

30" wide gas range made in the USA

Battery start ignition is ideal for locations without standard power access

Porcelain construction on range top and oven for true durability

**Product Features:**

|                        |                                                                                                                                                                       |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Made in the USA        | Designed and constructed domestically                                                                                                                                 |
| 30 inch wide range     | Standard size ideal for most kitchens                                                                                                                                 |
| 24 inch depth          | Shallower fit is ideal for L-shaped and galley kitchens                                                                                                               |
| Battery start ignition | Uses a 9V battery to ignite the oven and burners, providing a convenient off-grid solution to kitchens previously using pilot lights when no electricity is available |
| Natural gas design     | Set for use with natural gas connection. To convert for propane use, add Kit LPP                                                                                      |
| 4 open burners         | 9000 BTU burners with built-in enamel grates to meet most cooking needs                                                                                               |
| Broiler compartment    | Lower drop-down compartment for separate broiling with even heat distribution                                                                                         |
| Recessed oven door     | Smart design limits the depth and protects adjacent cabinets                                                                                                          |
| Upfront controls       | Push-to-turn knobs offer easier, safer access, preventing users from reaching over hot burners to adjust                                                              |

## WNM210P Specifications:

| Overview               |                       |
