Removable storage trays feature in a glossy ruby finish

### Product Features:

|                                            |                                                                                                                                                                                                                 |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specially designed for cosmetic storage    | Warmer temperature setting via digital controls allow the perfect storage conditions for high value creams, cosmetics, and perfumes                                                                             |
| Ideal storage temperature                  | Operates between 42° and 65°F to keep cosmetics properly cooled                                                                                                                                                 |
| Digital thermostat                         | Adjustable thermostat located inside to prevent unsupervised temperature changes                                                                                                                                |
| Compact dimensions                         | Less than 14" wide and 18" deep to allow for placement on vanities, countertops, and similar spaces                                                                                                             |
| Double pane tempered glass door            | Heat resistant design provides clear view of stored products                                                                                                                                                    |
| Automatic defrost                          | No-frost convenience for reduced user maintenance                                                                                                                                                               |
| Factory installed lock                     | Keyed lock for a secure interior, with 2 keys included                                                                                                                                                          |
| Adjustable shelves in a glossy ruby finish | Two powder-coated metal shelves can be placed in a variety of positions for optimum storage, with a versatile design that allows you to display the high shelf lip or reverse to show more of your stored items |
| Bottle shelf                               | Lower shelf features a variety of cutout sizes for upright storage of serums, creams, and similar cosmetics                                                                                                     |
