

# SculptureStone® Counter Top

GENERAL SPECIFICATIONS  
Material - SculptureStone®

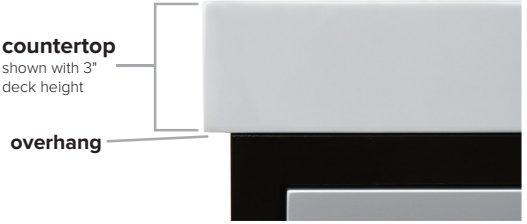

Visit <https://configurator.mtibaths.com> to create your counter top.

**NOTE:** Corner support blocks shown in bottom view are necessary when deck height is over 1". All sides will be finished unless requested.

## Countertop Measurements

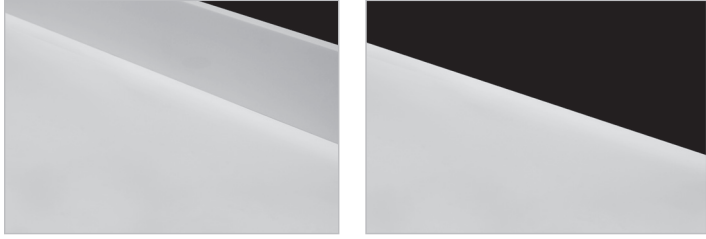

Add a minimum overhang of 1/2" to length and depth, to ensure full coverage of any exposed side of the vanity. Additional overhang may be required depending on installation application or wall variances.

**Overhang** is material that extends over the front and/or sides of vanity.

## Backsplash / Sidesplash

Measures 4" (H) and 5/8" thick  
Field-installed on finished surface of counter top

Shown above with optional backsplash

Shown above without backsplash

See next page for option details

MTI's Customer Service Department is available Monday-Friday 8am-6pm EST  
800-783-8827 or service@mtibaths.com

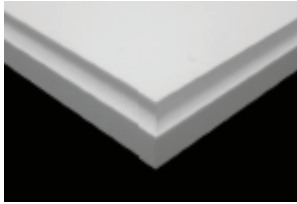

# Edge Treatments

GENERAL SPECIFICATIONS

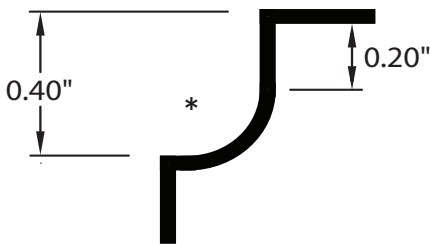

Material - SculptureStone®

Specify your preferred edge treatment when creating your counter top.

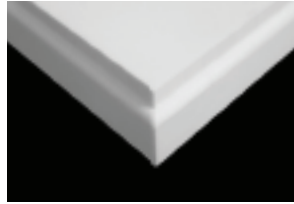

- 1" minimum counter thickness is required for edge treatments.
- When counter top is ordered with a gloss finish, routed portions of the edge treatment will remain matte.

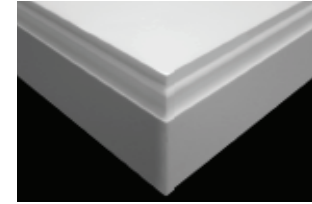

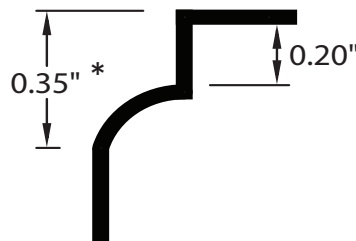

Cove

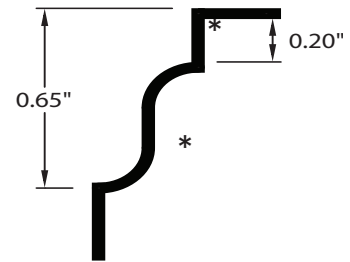

\*Routed edge location

Roundover

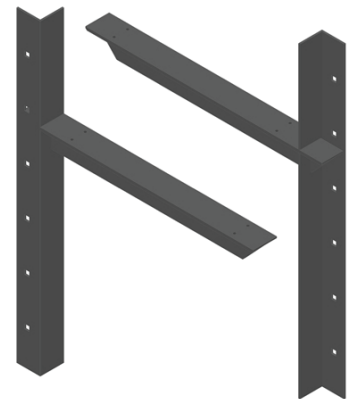

Roman Ogee

## Carrier-Arms Wall-Mount Counter Top

When ordered with the counter top, MTI will ship the appropriate carrier arms.

- MTI recommends set of 3 carrier arms (CCA3) for counter tops 60" or greater.
- 2" carrier arms come in two lengths: 18" and 12".

2" carrier arms
