

Carrier-Arms

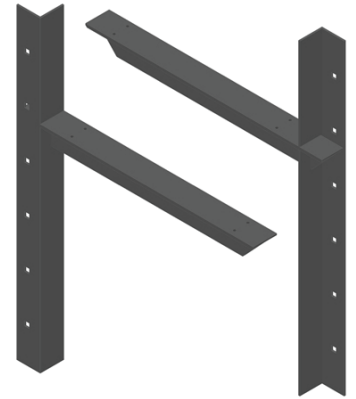

Counter-Sinks
Counter Tops

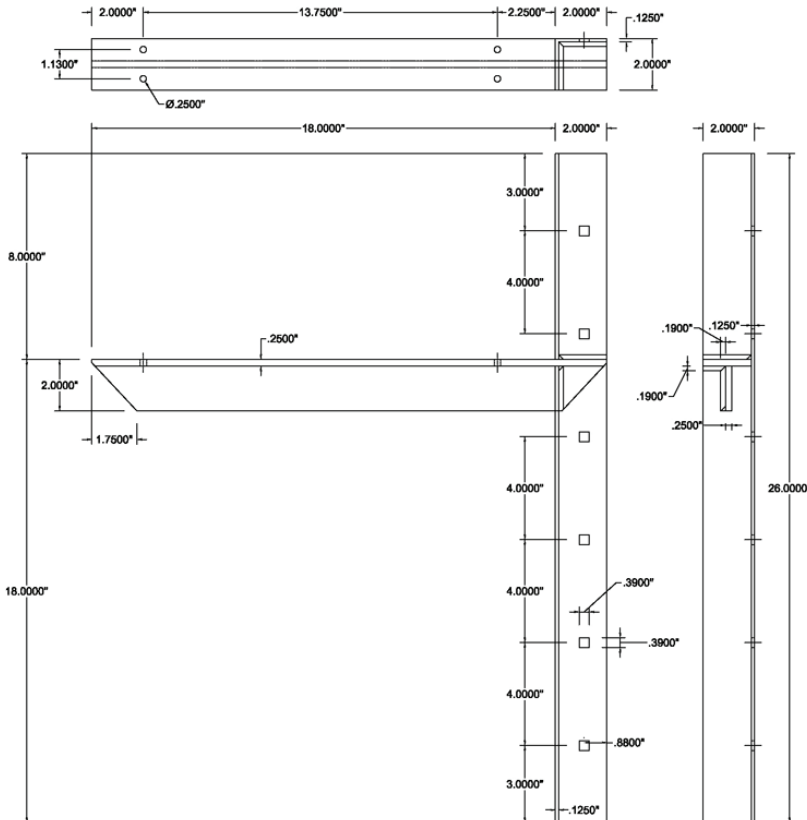

2" x 18" carrier arms, shown in diagram below, designed for wall-mounted counter-sinks. 2" x 12" version available for narrower counter-sinks. When ordered with the counter-sink, MTI will ship the appropriate size carrier arms.

Visit <https://configurator.mtibaths.com> to create your custom counter top.

2" carrier arms

FEATURES AND ORDERING

- Designed with upper extension for maximum strength and stability.
- 2" concealed carrier arms for wall-mounted counter-sinks come in sets of 2 and 3.
- When ordered with the counter-sink, MTI will ship the appropriate size and number of carrier arms.
- When ordered separately, MTI recommends 2 carrier arms for most single bowl applications; 3 or more might be necessary for Counter-Sinks 60" and up. See chart on this page.

INSTALLATION

- Secure each arm to the stud with 3/8"-16 x 3" hex head bolts and flat washers. Finish with flat washer, lock washer and nut. Mounting hardware is not included.
- Use backing when installed to metal studs.
- Adhere sink unit to the arms using 3M VHB tape or a liquid adhesive such as Liquid Nails. Check local codes.
- See installation guide for more details.

Description	Arm Length (must specify length)	Part #	MSRP*
Set of 2	12" or 18"	CCA2	\$635
Set of 3	12" or 18"	CCA3	\$855

*Priced above when ordered separately
